What the BLEEP Do We Know!?

is considered the first break-out film in the genre of Spiritual Cinema, and continues to find a new audience to this day. It takes viewers on a journey to unlock the secrets of life. Follow Amanda (Academy Award-winner Marlee Matlin), a divorced, middle-aged woman who is thrust into a world where science and spirituality converge. As her entire concept of reality is challenged, yours will be too. See for yourself why this groundbreaking movie became one of the most compelling and talked about films of the last decade.

The movie compels people to ask themselves Great Questions that will recreate their lives as they know them-- from the scientific to the spiritual, and from the universal to the deeply personal. Along the way, it asks such questions as:

- *Are we seeing the world as it really is?*
- *What are thoughts made of?*
- *What is the relationship between our thoughts and our world?*
- *Are we biologically addicted to certain emotions?*
- *How can I create my day every day?*
