COVID-19 patients need your help!  
All successful blood donations are now tested for antibodies.

If you're positive, you could help patients with a convalescent plasma donation.

Did you or do you know someone who has recovered from COVID-19? If so, you may be able to help others fighting the disease. Visit [Vitalant.org/CovidFree](https://Vitalant.org/CovidFree) to learn about Convalescent Plasma (CCP) donation.

CCP is only available at our donation centers, not at mobile blood drives.
